# Problems to be Solved

- Simplified pet adoption process
- Improved lost pet recovery
- Enhanced animal abuse reporting
- Better access to pet care information

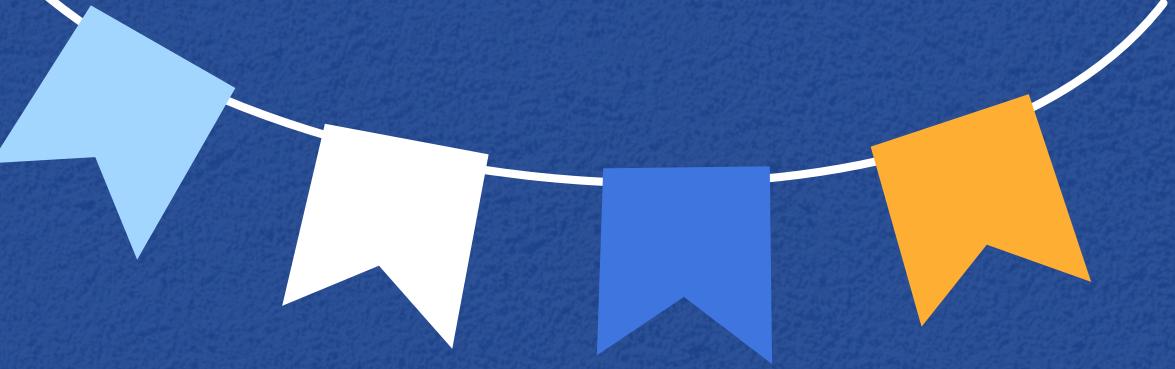

# Comparison to Existing APPS

Petfinder: Focuses on adoption but lacks lost-and-found features

PawBoost: Specializes in lost pets but lacks adoption and abuse reporting

- PAWS (The Philippine Animal Welfare Society): Primarily focuses on general animal welfare, lacking features for lost-and-found or real-time abuse reporting.
